

Third Party Billing, V 2.5 Patch 1

EXECUTIVE SUMMARY

The Third Party Billing System (ABM) automates the creation of a claim using existing RPMS data. In 3PB you can edit files and claims; print a UB-92, HCFA 1500, or ADA Dental form; or create an electronic UB-92 or HCFA 1500 file. The system generates bills for private insurance, Medicare, Medicaid, and non-beneficiary (self-paying) patients.

Patch 1 of the Third Party Billing package addresses issues related to recent HIPAA Title II requirements. This patch contains three new export modes and software to generate ANSI 837 claims. The new export modes are 837 Institutional, 837 Professional, and 837 Dental.
